RecycleMania

RecycleMania is a friendly competition among college and university recycling programs in the United States that provides the campus community with a fun, proactive activity in waste reduction.

Over a 10-week period, Mount St. Mary's University will be competing with other campuses to minimize the output of waste produced by the whole Mount community

The main goal of this event is to increase student awareness of campus recycling and waste minimization. All participating schools are required to report measurements on a weekly basis in pounds.

RecycleMania provides many ways to gain recognition, including RecycleMania trophies, awards, and participant certificates.
