

Now through April 5th

RecycleMania is a friendly competition among college and university recycling programs in the United States that provides the campus community with a fun, proactive activity in waste reduction. Over a 10-week period, campuses compete in different contests to see which institution can collect **the largest amount of recyclables per capita, the largest amount of total recyclables, the least amount of trash per capita, or have the highest recycling rate.**

The main goal of this event is to increase student awareness of campus recycling and waste minimization. All participating schools are required to report measurements on a weekly basis in pounds. RecycleMania provides many ways to gain recognition, including RecycleMania trophies, awards, and participant certificates.

In the end, RecycleMania helps all participating colleges and universities make achievements in recycling and waste reduction!

CSU East Bay competes in the section "Targeted Material-Per Capita Bottles and Cans" as a Partial Campus division. For more information visit: www.recyclemanics.org

If we catch you recycling your bottles or cans in one of our designated recycling bins, we will reward you with one gift coupon for a fresh brewed

coffee.
